Catonsville
850 S. Rolling Road
Catonsville, MD 21228**

410-747-9622

Notes on Classes at the Catonsville YMCA:

- 1) The classroom that we will be using is the childcare facility, the building is located directly adjacent to the pool. When you arrive talk to the front desk, they will let you in. On Saturdays you should plan to arrive in enough time to check the room and set up whatever classroom space you will need. They have tables and chairs for us to use, but they aren't always set up or readily available right when we arrive
- 2) We have two lanes 'reserved' for our classes. From time to time they will allow us to spread out if the pool is not being used, but that is up to the discretion of the lifeguards and aquatics staff.
- 3) The Y's thunder policy is to be off the deck for 30 minutes after the last clap of thunder. Please ask the guards where to go to wait. If makeup time is needed work with the guards to find time—address this before you go back into the water, don't just assume that you can stay late.
- 4)
