Notes:

1) the first aid kit is on the pool deck next to the mens locker room door. There is oxygen in the office just off the pool deck. The AED is in the hallway. There are diagrams on a bulletin board next to the two doors that exit to the hallway where the AED is located. They clearly show the location of all emergency equipment.

2) The pool is located at the Garnett Valley Middle School. Once you reach Smithbridge Road, the school is on your right side. It can be accessed by Station Road or Henry Mench Drive. Drive to the left side of the building, towards the school buses and you will see a door marked "POOL".

3) The classroom tends to be cold—consider bringing a sweatshirt.

4) This is a 1 day class. Students have been prepared for this and should come on time and ready. It is also important that our staff come on time and ready to move efficiently through the material.

** In most cases we will conduct class at the Panera Bread located at 5619 Concord Pike, Wilmington, DE 19803
